

YOU'RE FIRED!

Los Estados Unidos

**Jorge W. Boosh
El Presidente**

We need to cut some costs. My idea is to replace the independent American middle class with a dependent servile class. Yeah, they don't speak English, but they sure are cheap. I'm callin' it my "guest worker program." It's simple supply and demand, folks. We let an unlimited supply of Mexicans illegally cross our borders (sure, we don't know if they are criminals or even terrorists, but that's a chance I'm willing to take) and it lowers the demand for workers. Big corporations will save millions while your standard of living will soon be reduced to your Mexican neighbor's. This time, instead of dragging a laboring class here in chains, we'll just let 'em walk right over and keep them AND YOU in line through perpetual poverty.

The preceding is a satirical account of what Jorge W. Boosh would say if he were telling the truth. Free your mind and learn what the mass media do not want you to know.
